## **SUMMERVILLE ART FESTIVAL**

The community of Summerville on the Kingston Peninsula across the Kennebecasis River from Saint John is one of New Brunswick's best kept secrets. Beautiful, unspoiled and rich with tidal estuary wild-life, Summerville also has an artistic heritage few communities of its size can claim. A surprisingly large number of prominent artists have lived and worked there and many still call it home.

The people of Summerville will celebrate this heritage and the 150<sup>th</sup> birthday of Canada (and their local church) in their homes, their back yards and beaches in pop-up galleries on a mile-long stretch of Route 845. We welcome you to join our celebration. Join us for a festival of art, nature and community August 26, 12:00-7:00pm. Proceeds to support Summerville United Church. Join your neighbours and volunteer at the Summerville Art Festival, turn your home, beach or garden into a pop-up gallery for the festival!

If you live near the Summerville United Church and would be interested in hosting artists to exhibit their work in your home, please email: [cindy@summervilleartfestival.com](mailto:cindy@summervilleartfestival.com).

If you are interested in becoming a volunteer and helping with the first annual Summerville Art Festival, please email [volunteers@summervilleartfestival.com](mailto:volunteers@summervilleartfestival.com)
